

April 27 - May 1

Virtual Learning

Parents: Please Read!!!

Weekly Learning Targets

Math: I can identify coins and their values.

Reading: I can retell a fiction story.

Weekly Must Do:

- **Weekly Slide (all learning videos and practice work).**
- **Showbie work**

District requirement for virtual learning at home:

2-3 hours TOTAL of work per day. This can be a combination of must do and may do work.

Weekly May Do:

Use these if you need extra practice:

**Freckle
Smarty Ants
Choice Boards
Spanish Extension
Activities**

Monday- ELA (English)

This week we will focus on learning how to retell a story!

1. Listen to the [Corduroy Read Aloud](#)
2. Fill in the beginning, middle, end story map from the [Beginning, Middle, End Video](#) . You will find the story map on Showbie so you can follow along as you fill yours in.
3. Submit your story map on Showbie.

The image shows a template for a 'My Story Flow Map'. The title 'My Story Flow Map' is written in a decorative, wavy border at the top. To the right of the title is a small illustration of a bear reading a book. Below the title, the map is divided into three sections: 'beginning', 'middle', and 'end'. Each section is represented by a large, empty rectangular box. Two large, grey arrows point from the 'beginning' box to the 'middle' box, and from the 'middle' box to the 'end' box, indicating the flow of the story.

Monday-Math

Watch the video to hear a lesson on coins! You will learn about the penny, nickel, dime and quarter. The next slide is for you to reference this week during your activities.

[Coins Lesson \(Click Here\)](#)

Practice:

Send your teacher the answer to the challenge question at the end of the video on Remind. :)

You may decide to look back at this slide for information while working through your math lessons this week.

Tuesday-Math

Today we will review a penny and nickel. Ask an adult if you can have a penny and a nickel to feel and look at.

Find the activities to the right on Showbie and submit them to your teacher.

Coins in Spanish

Lesson 39

Name _____

Look at the Example. Then solve.

Example

Which coin has more value? Which coin has less value?
Draw circles to show the value of each coin.

 ○ ○ ○ ○ ○  ○

5 ¢ 1 ¢

A nickel has more value. A penny has less value.

1 Which coin has more value?
Which coin has less value?
Draw circles to show the value of each coin.

 _____ ¢

 _____ ¢

A _____ has more value. A _____ has less value.

Coin Video 2

Today we will review a dime and quarter. Ask an adult if you can have a dime and a quarter to feel and look at.

Find the activities to the right on Showbie and submit them to your teacher.

Find the activities to the right on Showbie and submit them to your teacher.

Lesson 39

Name _____

Look at the Example. Then solve.

Example
How many pennies equal the value of a dime?

10¢ 1¢, 2¢, 3¢, 4¢, 5¢, 6¢, 7¢, 8¢, 9¢, 10¢
10 pennies

1 Draw pennies to equal the value of a nickel.
Tell how many pennies you drew.

1 nickel = _____

2 Alexa has 25¢. How many of each coin could Alexa have?

©Curriculum Associates, LLC. Copying is not permitted. Lesson 39 Money 359

3 Circle the coin that has the same value as the group of pennies.

4 Travis has 10 cents. What coins could Travis have?
10 _____ or 1 _____

5 Circle the coin that has the same value as 25 pennies.
